I understand from Mr. Madhava Rao that the allowances sanctioned to him for the period of his special duty in Europe and America did not cover the expenses he had to incur there. He was given for this period his salary as Chief Secretary and Daily Allowance at £ 2 in Europe and at $ 12 in New York. The work entrusted to him was of exceptional responsibility and he was the representative of Government clothed with full authority to negotiate and conclude matters of great importance. He had to maintain his position as the accredited agent of Government in foreign countries and I can well understand that the allowances given to him did not re-imburse him for all the charges he had to bear. Mr. Madhava Rao has performed the duties entrusted to him most satisfactorily and the very successful work done by him in America where our legal position for realising anything towards the amount lost was far from satisfactory, deserves special mention. It should have required a great deal of tactful handling of the situation there to have recovered $ 60,000 from Messrs Bush & Coy. and Mr. Cox. His work in London in arranging for the future course of sandal oil business and in starting the office of the Trade Commissioner there, is also to his credit. The ~~circumstances~~ conditions contemplated in Article 55, M.S.R., for the grant of a Deputation Allowance ~~which~~ are fully

fully satisfied in Mr. Madhava Rao's case. In view of this fact and in appreciation of his services I recommend that he may be granted a Deputation Allowance of Rs 300/- per mensem for the period from the date of his leaving Bangalor to the date of his return thereto. His deputation covered a period of about eight months and the allowance payable to him according to this proposal will be about equivalent to the sum required for repayment of the two advances made to him - one of Rs 1,000/- made here towards his out-fit and equipment charges and the other of £ 100/- in London for his expenses there. The allowance proposed will, of course, be treated as part of the expenditure of the Sandal Oil Factories.

P.S.- I should mention another problem of great importance which Mr. Madhava Rao succes
s
-fully solved during his deputation. The question of subjecting the earnings from our sandal oil business in London to English Income-tax has been under consideration for some years. Mr. Madhava Rao studied this problem in all its bearings, interviewed the authorities of the Income-tax Department in London and convinced

them

them that the claim was not tenable. The result of his efforts was that the Inland Revenue Department actually withdrew its claim from the time it was made to the date of opening of our Trade Commissioner's Office, and Mr. Madhava Rao reported this result to us just before leaving London.

Mr. Madhava Rao has also devoted much attention to another connected matter. He has ascertained the means and methods that are available to us for conducting our sandal oil business in London so as to avoid, as far as possible, the liability to English income-tax in future.
